## **WINGS 20<sup>th</sup> ANNIVERSARY – FEBRUARY 16, 2009**

Congratulations as WINGS mark the 20th anniversary of the WINGS Foundation, Inc.

As you know, American Airlines flight attendants are the most unique work- force in the world. We not only work together but we live, love, protect and defend each other every day. The WINGS Foundation is all of us. When you recycle a can, when you authorize a payroll deduction, when you donate a pvd, when you attend a fundraising event, when you call us about a friend you know needs help, you are the WINGS Foundation.

With your help, WINGS will continue to assist our colleagues who are in dire financial need due to accident, illness, injury or have suffered some other catastrophe that justifies financial assistance. Your support has carried this mission for more than twenty years. We congratulate you and thank you on this anniversary of our organization.

Patty Baker, President, the WINGS Foundation
