

## ANNE MCKINNEY HUSTON

CLASS 1961-5

ORANGE COUNTY/LONG BEACH, SOUTHEAST FLORIDA, AND BOSTON CHAPTERS

DIED MAY 2023

Anne McKinney Huston, Class 1961-5, was adopted and raised on an Indiana farm with a brother and parents she adored. After graduating from college, Anne followed her dream and became a flight attendant with American Airlines, based in Boston. After several years of flying, Anne met and married Jack Huston and subsequently had a son, Glenn, and daughter, Jill. Anne joined The Kiwi Club and spent several years as an active member and president of the Boston Chapter.

Deciding to move to a warmer climate, Anne moved to Deerfield Beach FL where she joined the Stewardess Alumni Association, which includes flight attendants from all airlines. As a member, she met several Kiwis and was introduced to the South Florida Chapter where she once

more became active.

After ten years in Florida, Anne moved to Laguna Niguel, CA, to be near her children and grandchildren. She immediately joined the Orange County/Long Beach Chapter and, as was her nature, became involved.

After much thought and investigation, Anne saw a need and founded *Gals on the Green*, a business that produced and sold women's golf clothes. This business was very successful, with clients all over California and as far away as Las Vegas. After several years of traveling and selling, Anne sold the business.

At her daughter's urging, Anne moved back to Boston, and moved into an independent senior development near Jill's home on Boston's South Shore where – once more – she became involved. On Memorial Day Weekend she visited Jill, and while sitting by the pool on a lovely, sunny day, in her swimsuit, sunglasses, a hat, and a good book on her lap, Anne "flew west." This unique, loyal, and fun woman will be missed by all who knew her.
